

# ZWICKER - SONGS OF LUCID DREAMERS

## Who you are

(Lyrics: P. Zemp, Music: C. Boehler)

getting ready for the night  
wear the nicest dress i have  
putting my hear up for the danceclub  
we're heading at

we grab our bikes for the ride  
it's raining, but that's alright  
we get there soaked, walk inside  
and there you are, playing our guide

AND I WONDER  
WHO YOU ARE  
WHO YOU ARE

you take our jackets, hang them up  
that's where i start feeling the trouble  
your fancy eyes just won't stop  
make me wanna see them double

i'm walking away to get some drinks  
kinda wanna see you dancing  
soon i'm back, and you're gone  
then i hear you from the back singing

AND I WONDER  
WHO YOU ARE  
WHO YOU ARE

you say that you were tired and  
you wanted to go home  
and you ask me if i wanted to  
come along, o-o-oh  
i say, well thanks for asking, but  
there's one thing you know  
i haven't seen you dancing  
so i guess it's a no

## Wake Up

(Lyrics & Music: C.Boehler)

I destroyed my meanest dream  
Yes i did x 2  
Drilled a hole with a drilling machine  
Yes i did x 2  
Made hole for continous flow  
Let it flow x 2  
I released my fiercest foe  
Let him go x 2

I TRIED TO WORK IT OUT  
HE GOT ME HYPNOTIZED  
NOW I JUST REALIZED  
HE GOT ME PARALIZED

MOVE - WAKE UP, WAKE UP, WAKE UP  
MOVE - GET UP, GET UP, GET UP

Dissapeared into the haze  
Yes i did x 2  
To resist the notorious glaze  
No I won't x 2  
Took a boat to the open sea  
Let it flow x 2  
Deserted my enemy  
let him go x 2

I TRIED TO WORK IT OUT  
HE GOT ME HYPNOTIZED  
NOW I JUST REALIZED  
HE GOT ME PARALIZED

MOVE - WAKE UP, WAKE UP, WAKE UP  
MOVE - GET UP, GET UP, GET UP

## **Oddity**

(Lyrics & Music: C.Boehler)

You used to have two shinning eyes  
big ideas and exciting plans  
your behaviour sometimes radical  
to impress your special friends

YOU FELT THE PRESSURE RISE, TO MAKE A SACRIFICE  
TO FIT IN, BE LIKE EVERYONE  
YOU HAD SOME SURGERY, COSMETIC ENERGY  
NOW YOUR FACE IS GONE

THERE GOES YOUR ODDITY  
LET NO WEAKNESS SHOW  
THERE GOES YOUR ODDITY  
LET YOUR SWEET SELF GO, GO

You used to be the smartest kid  
had more fun than anyone  
Now you got your head corrected  
Your dreams are far and gone

YOU FELT THE PRESSURE RISE, TO MAKE A SACRIFICE  
TO FIT IN, BE LIKE EVERYONE  
YOU HAD SOME SURGERY, COSMETIC ENERGY  
NOW YOUR FACE IS GONE

THERE GOES YOUR ODDITY  
LET NO WEAKNESS SHOW  
THERE GOES YOUR ODDITY  
LET YOUR SWEET SELF GO, GO

Bridge:

Now you are giving in  
who stole your soul?  
now you are giving up  
You're no more whole

## **Dragonfly**

(Lyrics: J. Zimmerli, C.Boehler Music: C.Boehler)

Surrounded by the jungle brothers walking in circles.  
Rain, water, storm and thunder  
Escape across the river  
where the Black Panthers are waiting in the moonlight  
The old crocodile never hunts in the water and stays white like the night

FLY DRAGON FLY  
RUN DRAGONFLY RUN

The jungle brothers, defending their land  
Riding the lions, chasing me  
Birds are flying, the moon is smiling, but don't tell anyone  
Millepede losing a hundred feet  
Ninehundredpede and a hundred more we need

FLY DRAGON FLY  
RUN DRAGONFLY RUN

## **Sleepwalking**

(Lyrics: J. Lloyd & Music: C.Boehler)

Talking about your face  
to myself again  
and the hours on my mind  
until we meet there  
but the truth of it all  
Is there's a hole here instead  
where you were  
and what this meant  
so tonight I dance  
In your mind we hold hands  
two hearts joined  
across the globe full

I MISS YOU GIRL

In my dream last night  
You fell from the sky  
In my dream last night  
You fell from the sky

I MISS YOU GIRL

## **Sui' s Knee**

(Lyrics: J. Lloyd , Music: C.Boehler)

I wanted to touch behind your knee

## **Strangeways**

(Lyrics & Music: C.Boehler)

Today I drew a picture of you  
the true you, I wanted to portray  
But still I had to include your dark side  
You got pissed and threw it all away

IT'S REALLY HARD TO COMPREHEND  
YOUR STRANGE WAYS, I DON'T UNDERSTAND  
I STAY OUTSIDE `CAUSE I CAN'T AGREE  
WITH YOUR STRANGE WAYS,  
YOU ARE LIKE THE VAST MAJORITY  
YOU'RE STRANGE

I tried to get in touch with you  
get along to tell you where I come from  
You acted cool and narrow minded  
is there hate? or is your heart numb?

IT'S REALLY HARD TO COMPREHEND  
YOUR STRANGE WAYS, I DON'T UNDERSTAND  
I STAY OUTSIDE `CAUSE I CAN'T AGREE  
WITH YOUR STRANGE WAYS,  
YOU ARE LIKE THE VAST MAJORITY  
YOU'RE STRANGE

Ending:

Here you are, but where do I belong  
Not here. it doesn't feel like home  
I'm the alien that lives beside you  
Here you are, but where do I belong  
Not here, it doesn't feel like home  
You are all around, crushing me

## **Prism**

(Lyrics: J. Zimmerli, Music: C.Boehler)

Common, gimme me sunny days  
let me play some wicked games  
common, gimme rainy days  
let's ride on the rainbow wave

We are riding  
Let the sun shine on me

LEFT HAND, YOUR RIGHT HAND  
LET'S BE ONE  
OUR BODIES OF PASSION  
LET'S HAVE FUN

Common, gimme a beauty face  
Let me play some naked games  
Common, lets start the final grace  
We are riding on the rainbow wave

We are riding the wave

## **Make it happen**

(Lyrics: P. Zemp, Music: C. Boehler)

i thought it's easy to  
just take break until we know  
what's going on inside of us

how should i have known  
that as soon i'm gone  
i'm waiting for you to call me back

and i'm sure you will

YOU'RE GONNA MAKE IT HAPPEN  
BUT UNTIL I'M STANDING STILL  
YOU'RE GONNA MAKE IT HAPPEN  
I JUST CAN'T BEGIN

i-i-i know you need some time  
to get over what you've  
been going through

me-e pushing it  
is not gonna help it at all, no, no  
no, no, no, no

you know that i have a lack of patience  
maybe now's the time  
to practise it a bit

i just hope  
i just hope you're ready soon  
you're ready soon

'cause

YOU'RE GONNA MAKE IT HAPPEN  
BUT UNTIL I'M STANDING STILL  
YOU'RE GONNA MAKE IT HAPPEN  
I JUST CAN'T BEGIN
